

Taplock one+

Multi-Functional Utility Lock

Cutting-Edge Fingerprint Technology

Taplock's advanced fingerprint technology identifies the access user to 99.999% accuracy and grants access in under 0.8 seconds. Stores up to 500 fingerprints for multiple users per lock.

Weight

300g/0.66lbs (without package)

Unbreakable Durability

Taplock one+ is equipped with reinforced stainless steel shackle and double layered housing body. It features our proprietary anti-shim technologies. The absence of a keyhole also eliminates risks of being picked.

Rated IP67 waterproof and weather-proof

Rated IP67 waterproof and weather-proof. Fully functional between -20C and 65C (-4F and 149F).

3 Ways To Unlock

Fingerprint, Bluetooth, and backup Morse Code unlocking by setting custom long / short combinations.

Powerful Rechargeable Battery

1-year use (for 3,500 unlocks) per 2-hour charge time. Check remaining power using the Taplock app.

Total Length
3.4"/87mm

Width 2.2"/56mm

Shackle
0.275"/7mm

Thickness 1.34"/34mm

Item	Description
Bluetooth	Bluetooth 4.0
Fingerprint Sensor	FPC1020AM
Fingerprint Storage	Up to 500 fingerprints
Fingerprint Sensor Wear-And-Tear	>10 million times at 0.6N
Ideal Operating Temperature & Humidity	-10°C~40°C, 20%-85%
Operating Temperature & Humidity	-20°C~65°C, 10%-90%
Charging Voltage & Current	5V, 1A(Max)
Battery Life	1-year battery life per full charge
App Compatibility	iOS 8.0 or later/ Android 4.4.2 or later
International Standard Compliance	FCC: Part 15C & Part 15B, CE: EN300328V.2.1.1; EN301489-1;EN301489-17; EN62479;EN60950 IC: RSS 210,ICES-003 Proposition 65 Compliant ISO9001

Taplock ENTERPRISE SOLUTIONS

Designed for teams of all sizes, Taplock enterprise is the perfect access control management platform for padlocks.

We service clients in utilities, logistics, manufacturing, IT, healthcare, government, education and a wide range of industries that use padlocks.

Manage users and locks in one place

Set custom permissions for users and manage them by groups. Whether it's a manager, staff or contractor, you have full control.

View all your padlocks across the map

Deploy and revoke fingerprints remotely, and set access privileges with 3 ways to unlock: Fingerprint, Bluetooth, and Morse code.

Track user activity with full audit reports

Comprehensive audit reports allow you to track every account activity with ease. See timestamps for both when a lock was unlocked and also when it was locked. Receive mobile notifications for account related events, and export audit reports when you need it.
