USB-rechargeable ePump

Take it anywhere

An ideal tool on the road. The lightweight ePump even fits into your trouser pockets. Thanks to the long battery life you won't need electricity at the beach, a festival or wherever else you want to take it. With the extra nozzles you can use the ePump on any other inflatable.

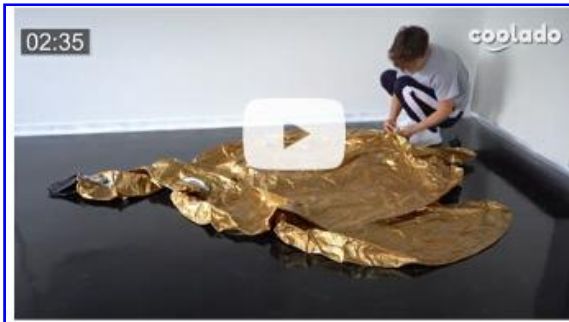

Starts your BBQ within 5 minutes

Thanks to the Coolado ePump starting your BBQ will take 5 minutes instead of 45. All you need is charcoal, a piece of paper and your ePump. There's no need for expensive and harmful lighter fluid or firelighters.

Inflate an airbed in under 2 minutes

The ePump quickly and effortlessly inflates an air bed, or any other inflatable. The ePump is USBrechargeable, light weight and compact.

Deflate your inflatable

The ePump removes all the air from your inflatable, creating a vacuum seal.

Portability

The ePump is compact, lightweight and cordless so you can take it anywhere. The smart looking designer case protects the ePump wherever you go.

Forget the car or electrical plug

Use it Anywhere. You don't need a car or electrical plug to get started with the ePump.

Vacuum seal your clothing bag

You can save space in your luggage by using the ePump to vacuum seal your clothes bag.

Characteristics

The Coolado ePump has a lithium battery with 4000 mAh capacity. It's the first air pump with a lithium battery lasting for 1h30, working continuously. Charging it once will allow you to inflate or deflate an airbed 30-45 times.
