

Die wahrscheinlich praktischste Powerbank überhaupt:

**Alle Kabel integriert! EINE Powerbank für ALLES !**

Mit Pass-Through und MFI. Und Laden per USB-C oder micro-USB.

The image shows a black iWALK SCORPION 8000X power bank with a textured surface. Four cables are integrated into the device: a Lightning cable, a Micro USB cable, a USB-C cable, and a standard USB-A cable. The iWALK logo is visible in the top left, and the 'Made for iPhone' logo is in the top right. The text 'No need to carry any cables' is prominently displayed in white. Below this, the product name 'SCORPION 8000X' is written in orange and white. A list of built-in features includes Lightning, Micro USB, Type-C, and USB. The capacity '8000mAh' is highlighted in a white rounded rectangle.

Apple MFi

MFi ID:102495-0133

Passed strict MFi and ensure the perfect compatibility with Apple devices  
Scorpion 8000X could charge for them whenever and wherever without any extra cables

OF NON-MFI

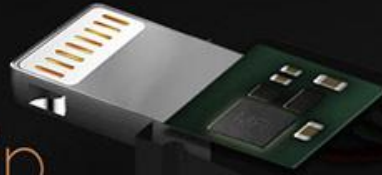

## Attention!!

Troubles that come with Non-MFi certified charge cable

The long-term use of non-MFi certified cables would result in instability to current, causing shorter life of smartphones and fake full-power situation. Unstable current may affect some electronic components as well.

## Security Authentication Chip

Lightning cable with built-in security  
MFi certified chip helps to longer the device life

## 5000 times Plug&Pull Test

The high-quality connectors have passed 5000 times Plug&Pull Test and met every needed standard to make sure its safe and reliable pluggability.

## Built in Type-c cable

Portable Charge Cable

Built in Type-c cable, can be the latest MacBook  
It can charge any Apple device based devices reliably  
and fast with max 2.1A current charging

# Path-through cable

Connect with 5V charger and simultaneously charging  
Built in output and input cables with path-through technology  
and it can operate as one complete charging  
cable so users can use Scorpion as charging  
cables between devices and charger

Black | Silver

# 10 Smart Protections

10 smart protections and 3-month safety tests, from inside to outside, to avoid any potential risk and ensure customer security.

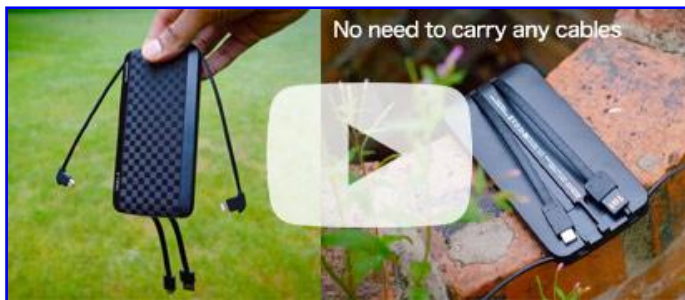

- Overcharge protection
- Overvoltage protection
- Overcurrent protection
- Over discharge protection
- Over temperature protection
- Short-circuit protection
- Recover protection
- Counter protection
- Overpower protection
- EMF protection

## Specifications

Product Model	UBT8000X
Product Name	Scorpion 8000 X
Product Capacity	8000mAh
Cell Type	3.7v Li-Polymer battery
DC-IN	5V / 2.4A
DC-OUT	5V / 2.4A(Total/Max) All ports single output: 0.5-2.4A USB Output: 2.0A
Size/mm	141 x 70 x 15mm
Weight/g	185.4g
Available colors	Black, White, Silver, Lightyellow
Product certifications	KC, CE, FCC, RoHS
Compatibility	All 5V devices
